

Deer Springs Fire Safe Council

Emergency Communication System

(E C S)

The Deer Springs Fire Safe Council has established a computerized Emergency Communication System. In case of an emergency, each registered resident should receive a phone call and an optional email advising them of what the emergency is and an assessment of the threat. The message will be informational only. Evacuation orders will come from the Sherriff's Office or other public safety office. The Council will not sell or otherwise use your phone number for solicitations.

▶ Enter up to four phone numbers and two email addresses below. Sign and mail to:
